

**CALIFORNIA DEPARTMENT OF TOXIC SUBSTANCES CONTROL
PRELIMINARY ENDANGERMENT ASSESSMENT GUIDANCE MANUAL
REQUEST PROCESS**

This notice is to inform the public of the new process for requesting copies of the Department of Toxic Substances Control's (DTSC's) Preliminary Endangerment Assessment Guidance (PEA) Manual.

DTSC previously sold the PEA Manual through the Department of General Services. Recently, DTSC received a United States Environmental Protection Agency (U.S. EPA) grant to publish the revised PEA Manual. This version of the PEA Manual includes some editorial changes and a two-page errata sheet revising the calculations for Polycyclic Aromatic Hydrocarbons (PAHs).

Due to the use of the U.S. EPA grant in publishing the PEA Manual, DTSC will be providing copies to the public free of charge. Persons interested in requesting a limited number of free copies can contact staff at one of the following offices:

Sacramento Regional Office
Cindy Merical
(916) 255-3776

Sacramento Headquarters Office
Ben McIntosh
(916) 323-3399

Berkeley Regional Office
Monica Gan
(510) 540-3821

Glendale Regional Office
Lee Owens
(818) 551-2977

Cypress Regional Office
Rachel Price
(714) 484-5467

Clovis Office
Tom Kovac
(559) 297-3939

Danny Domingo
